EDUCATION

The City University of New York, College of Staten Island

Bachelor of Science

Major: Information Systems & Informatics BS

Staten Island, NY

Fall 2026

PROJECTS

[Cyclistic Bike-Share Case Study](#)

October – November 2025

- Analyzed historical bike-share data using R and Excel to compare usage patterns between casual riders and annual members; visualized findings in Tableau and developed recommendations to support membership conversion.

[Bellabeat Case Study](#)

October – November 2025

- Analyzed Fitbit-style activity and sleep data to identify user behavior patterns and trends, developing data-driven recommendations to improve customer engagement and product value.

[NCAA Basketball Data Analysis](#)

October – November 2025

- Analyzed NCAA basketball team statistics to identify scoring patterns, efficiency metrics, and factors associated with team performance.

CERTIFICATIONS

- [Google Data Analytics Professional Certificate \(2025\)](#)

WORK EXPERIENCE

Golden Empire Roofing

NY, NY

Assistant Project Manager

06/2019 – 12/2023

- Collaborated with project teams to coordinate day-to-day activities and support successful project completion within established deadlines and budgets.
- Monitored project progress and communicated with team members to help keep work aligned with project requirements, schedules, and priorities.
- Maintained communication with customers throughout projects, addressing questions and concerns to support customer satisfaction and successful project outcomes.
- Supported job-site operations by helping maintain safety standards, quality expectations, and proper project procedures.

Aflac

14 Wall Street, Manhattan, NY

Finance & Sales Intern

06/2024-08/2024

- Conducted Needs Analysis: Discovered employer values, objectives, and pain points by conducting in-depth needs assessments.
- Generated expansion of new business: Created and maintained new business opportunities through social media, personal networking, and referrals.
- Supported Sales Presentations: Presented face-to-face as well as virtual sales presentations for local businesses demonstrating benefits and value of products.
- Provided Customer Support: Provided excellent customer service, enrollment help, and claims assistance to new and current policyholders.
